Profile

I am a 23-year-old multimedia design student at KEA in Copenhagen. I am outgoing, ambitious, conscientious, and always eager to learn and seek out the knowledge needed to solve a task. Through my education, I strive to gain a deeper understanding of digital design and development, and further develop my skills in front-end technologies and user experiences.

Education

- 2024** **Copenhagen School of Design and Technology, KEA**
Multimedia design
 - Competences in graphic design and digital communication.
